### 1. Objective of the Business Alliance Agreement

Under the policies given below and with the aim to achieve mutually sustainable growth and improve their corporate value, the two companies will examine the possibilities for collaboration and how to implement them.

- Toda Corporation's Environmental Policy

To contribute to the achievement of a globally sustainable society by solving environmental challenges

- erex's 2030 Vision

” Realizing a sustainable society” To become a pioneer in the new era of electric power with renewable energy at its core

### 2. Content of the Business Alliance Agreement

The business alliance agreement covers participation in erex's power generation and fuel development projects in Japan and overseas, as well as collaboration in the civil engineering and construction fields, and other business fields agreed upon by both companies, which the two companies will discuss in the future.

---

We will strive to optimize our business portfolio by promoting strategic investments in priority management businesses and intangible assets that will drive future growth, and to achieve our mid- to long-term goal of 8% ROE, as well as to further enhance corporate value.
