Selected as an "Environmentally Sustainable Company" and "Environmental Disclosure Progress Company" at the 7th "ESG Finance Awards Japan" hosted by the Ministry of the Environment

Toda Corporation (Head office: Chuo-ku, Tokyo; President: Keisuke Otani) has been selected as an "Environmentally Sustainable Company of the Year" and an "Environmental Disclosure Progress Company" in the Environmentally Sustainable Company Category* at the 7th "ESG Finance Awards Japan" hosted by the Ministry of the Environment.

* The Environmentally Sustainable Company Category is a category established to present investors and companies with concrete examples of companies that have incorporated significant environment-related opportunities and risks into their management strategies with the aim of enhancing corporate value, and that are generating positive environmental impact.

**"Environmental Disclosure Progress
Company" Certified Logo**

The Toda Group is strengthening its efforts toward sustainable management in accordance with the Basic Sustainability Policy formulated in December 2021. We will continue to work actively toward resolving the materialities (key issues) identified by the Toda Group with an eye toward 2050. For details on our sustainability-related activities, please see ["Integrated Report 2025"](#) or our ["Sustainability Site."](#)

1. About the ESG Finance Awards Japan

This award was established by the Ministry of the Environment in FY2019 with the aim of recognizing institutional investors, financial institutions, intermediaries, companies, and others that have actively engaged in ESG finance or environmental and social businesses and made a significant impact, sharing their advanced initiatives broadly with society, and promoting and expanding ESG finance.

2. About Environmentally Sustainable Companies

This designation selects companies whose level of disclosure regarding "risks, business opportunities, and strategies," "KPIs," and "governance" related to important environmental issues meets a certain standard as measured against the evaluation criteria. This year, 59 companies, including Toda Corporation, were selected.

3. About Environmental Disclosure Progress Companies

This designation selects companies that have shown a high degree of improvement in disclosure and whose scores in the disclosure quality evaluation of the first-round screening have increased compared to previous scores, specifically those whose score increase is above average. This year, five companies, including Toda Corporation, were selected.

The Toda Group will continue to pursue sustainable business practices that prioritize sustainable management, while striving to achieve a co-creative society as a gatekeeper of value, in accordance with our [Basic Sustainability Policy](#).

The Company will optimize its management resources to promote revenue growth and improve capital efficiency, aiming to enhance corporate value while achieving its medium- to long-term target of 10% ROE.
